

the third floor of the James Oviatt building in downtown Los Angeles... letters offering membership in CDL were sent out from the new address (617 S. Olive St., LA 14) even before the scheduled opening of the offices last month. The letters spelled out a number of CHRISTIAN DEFENSE LEAGUE goals, including these: the election of Christians in government at all levels; returning Christianity to the educational systems of America; the unification of white Christians in order to 'repel' non-whites; the strengthening of Christian economy through 'Christian buyers guides.' They also announced membership fees - \$12 a year or \$100 for life membership...."

That long article tells of efforts made by ADL to stop Mr Oviatt using the mails to distribute such as COMMON SENSE, THE PROTOCOLS, etc and objects to his urging the Christians to buy Christmas Gifts from Christians. God bless and protect Mr Oviatt for withstanding ADL pressures; and the CHRISTIAN DEFENSE LEAGUE. One CDL project is securing signatures to A PETITION TO PROTEST REMOVAL OF TAX EXEMPT STATUS OF CHURCHES. Petition addressed to Congress. Write CDL for Petitions.

JOHN BIRCH SOCIETY. Prediction made 12/5/1961 in letter to great patriot General del Valle now coming true: "When I first started analyzing the popular John Birch Society and Dr Fred Schwarz's Christian Anti-Communist Crusade, I pointed out that it was the America First Com. all over again, with likelihood that they would fail and fall apart just when most needed, as America First Com. did. I also suggested that the real opposition by Jewry to the Birchers and Schwarzers (even tho Welch and Schwarz, Skousen, et al were covering up the part Jewry has played and is playing in subversions, perversions, revolutions, organized crime, etc) was that Welch & Schwarz et al were encouraging Christian patriots to do reading on Communism-Socialism. Doing so, such patriots would eventually find out that Welch, Schwarz et al were false leaders, and would learn the truth."

Front page 5/22/64 CALIF JEWISH VOICE: "BIRCHERS NOT ANTI-JEWISH SAYS LEADER New York (JTA) - The head of the John Birch Society has asserted that he will not allow his organization 'to be a haven' for persons engaged in anti-Semitic activities. 'We are not anti-Jewish and by the very nature of things we cannot be made anti-Jewish,' Mr. Robert Welch stated in a letter to the Anti-Defamation League." Recalling that Robt Edw Hatfield of Dallas, Texas, on May 21, after several postponements, went to trial and was fined \$200. for spitting on UN Ambassador Adlai Stevenson, now read his letter to learn how Welch treated this 22-year-old patriot:

"On October 25 of 1963, I wrote you to remove my name from the membership rolls of the John Birch Society and that a letter of explanation would follow. That was immediately after my release from jail for 'spitting on Adlai Stevenson'. The next night your staff coordinators Don Stallings of Dallas and Phillip Jones (who flew in to see us from his area in Houston) took my wife Barbara and me out to dinner as their guests. We discussed my resignation at length, and we all agreed that it would be better FOR THE SOCIETY if I were not connected with it until my trial was over. We then spent the rest of the evening with Don and Phillip and Buck Mann, major coordinator from Odessa who had just arrived for the occasion. We all agreed that a 'temporary resignation' as Chapter Leader would be best until my trial was over.

"Since that day the John Birch Society has reversed its policy towards my case and my chapter. Coordinator Don Stallings told me that he would not be allowed to keep his job with the Society if he assisted me in any way or if he even associated with me and my wife. Local representatives of the Society have discouraged their members from giving me financial assistance and have withdrawn their previous offers of help. The Society itself gave no aid to me whatsoever and if anything, helped in the Jewish-United Nations campaign to 'put me behind bars'. Dallas JBS officials refused to reorganize my chapter after repeated requests by the members. John Rousselot went so far as to write letters to question me and my case to those who were attempting to help me.

"In view of the vicious campaign against me in this case and your complete lack of loyalty to the members who have been loyal to you. I PRAY THAT YOU WILL ACCEPT MY PERMANENT RESIGNATION AS A MEMBER AND AS CHAPTER LEADER OF CHAPTER #200 OF THE
